

Practical-9: Low-Fidelity wireframing.

Definition: Create low-fidelity design on food delivery app wireframes that follow user flow to visually outline the app's structure and layout.

Solution:

Working:

- First, open Figma. Add a new Figma design file.
- Rename a file as 210_Practical-9_Prototype.
- In this design, the following tools are used for a particular operation:

Tools Name	Use	Properties
Frame-1	The Frame-1 is used as a Frame for this design.	Width: 2475px Height: 1162px Color fill: #FFFFFF,100% Corner radius: 0PX Opacity: 100%
Android Compact-1, 2, 3, 4 & 5	Used to design Prototype of Online Laptop Store.	Width: 412px Height: 917px Corner radius: 0px

		Color fill: #414141 Opacity: 100%
Text-Boxes	Used to write on it.	Width1:89px Height1: 22px Width2:60px Height2: 22px Width3:43px Height3: 22px Opacity: 100% Corner Radius: 0 Typography: Inter, Regular, 18, Auto, 0% Fill: #8B9C2C 100%
Rectangles	Used to draw prototype's elements.	Width1: 147px Height1: 70px Width2: 147px Height2: 40px Width3: 369px Height3: 39px Width4: 147px Height4: 39px Width5: 149.4px Height5: 135.52px Opacity:100% Corner Radius1: 56 Corner Radius2: 56 Corner Radius3: 56 Corner Radius4: 0 Color: #D9D9D9 100%
Line	Used to show cross symbol on rectangle.	Width:461.09 Height: 0 Opacity: 100% Corner Radius: 0
Polygon	Used to Go to next or previous.	Width: 15px Height: 19.14px Opacity: 100%

		Corner Radius: 0 Count: 3 Color: #D9D9D9 100%
Ellipse	Used to show the navigation of pages.	Width: 10px Height: 8px Opacity: 100% Corner Radius: 0 Count: 20 Ratio: 71% Color: #D9D9D9

- Export your design as a JPEG file.
